Agency Funds

Building security for your organization's future.

Endowment Funds build a bridge to the future by providing the financial resources required to meet the changing needs of your nonprofit organization in the future.

Your organization's Agency Fund represents your future and the resources to support, enhance, and expand the services you provide to impact and improve our community. Our goal is to help your organization build its Endowment Fund.

Wayne County Community Foundation currently manages over 90 Agency Funds for nonprofits throughout Wayne County.

Getting started is easy.

You can use cash, stock, or other assets to establish your funds. As a courtesy, The Foundation offers an easy online donation process to accept contributions directly into your Fund.

Agency Funds required a $10,000 minimum investment or may begin as an Acorn Fund, allowing for it to be established on an installment basis.

A Personal Connection

Ohio's Hospice LifeCare helps people live more fully during life's final months. The community-based, not-for-profit hospice serves patients and their families in Wayne, Holmes, Ashland and Medina counties. By establishing the ***Ohio's Hospice LifeCare Fund***, the organization can grow and conserve their resources – allowing them to continue providing compassionate care, support, and grief services during times of serious illness and loss.
